This book combines mermaids, sharks, and vampires, with humans thrown into the mix, into a great read. I loved the story development. The author sucks you into the story from the very beginning, and you can't put it down. My 12 year old granddaughter picked it up to read on a road trip we took, and was lost in it until she read the last word. She didn't even know I was in the car! She was entranced! A great read for all ages!1 of 2 people found the following review helpful. The Book Bash ReviewsBy MsJLeeMy daughter came up to me one day and said, "Mama write me a story about a vampire mermaid." My mouth dropped! Of course, I could never turn down one of my kids request for a story but... a vampire mermaid? I took a deep breath and sat down to write. Amazingly enough the words flowed onto the paper without stalling for the briefest moment. I loved writing this story and I hope you enjoy sharing it with your family!3 of 4 people found the following review helpful. Very original!By ednaThis children's book was very original. I love how McKenzie melded together two of the most popular worlds-- vampires and mermaids. It was so cute and I love the moral lessons McKenzie weaved into the story!*
